14	Contract Execution Deadline		May 25, 2018	CONFIRMED

2. State responses to questions and comments in the table below amend and clarify this RFQ.

Any restatement of RFQ text in the Question/Comments column shall NOT be construed as a change in the actual wording of the RFQ document.

QUESTION / COMMENT		STATE RESPONSE
1	The Master Contract, Part A.4 states that no more than four contracts will be awarded to the same contractor at one time. Does this apply to each regional contract or all IDIQ contracts combined (i.e., hypothetically, could a contractor be awarded four contracts in each region for a total of 12 at one time?)	The language referred to only applies to each region's contract. The State is not mixing the regions together and each contract is an entity of its own, not combined with the other regional contracts.
2	Please confirm that contractors can receive more than four construction contracts throughout the duration of the IDIQ contract (Ref: Master Contract, Part A.4).	Contractors can be awarded more than four contracts, but not during the same period. If the contractor has four active contracts, they cannot bid on another project until one of the four has been completed.
3	Is this a re-bid of an existing contract? If so, how many incumbent contractors were placed on the previous IDIQ contract? Can these contractor's names be released?	This is not a re-bid of a current contract. This is a brand new delivery method for the State of Tennessee, STREAM.
4	What types of pricing will be required for the construction services bids? Cost plus fixed fee, firm fixed price, time and materials, or other?	Each project will be bid lump sum through sealed bidding the same as the State's Design/Bid/Build and BV1 delivery methods.
